'THREE'S A CHARM' AT LAKESIDE

Local businessman Michael Khazma has started a new working life in Campbelltown, after purchasing three lots in the Lakeside Industrial estate, brought to you by diversified property company FKP.

Mr Khazma's business Khazma Aluminium Windows and Doors delivers professional window and door fit outs for businesses across Sydney.

Mr Khazma said while much of his business is located in Sydney's Eastern Suburbs, he hoped to increase his work in the Campbelltown area after making a new home for his business at Lakeside Industrial Estate.

"I chose Lakeside because of the surrounding nature and the fact that this is a beautiful area and a nice space to work in," Mr Khazma said.

"As part of the business we supply and install aluminium windows and doors for commercial premises.

"Since moving the business from Liverpool we have begun doing work in the Campbelltown area fitting out a local car dealership and local factory."

Mr Khazma's business is just one of those that have moved into the Lakeside Industrial Estate. Like those other businesses, Khazma Aluminium Windows and Doors is reaping the benefits of being situated in good location close to major road links. Almost half of the estate has now sold out, with lots from 1600 sqm – 9200 sqm (approx.). The estate, Zoned 4(a) General Industry, is just 10 minutes from the intersection of the M5 and M7 motorways, and any business that exchanges before 30 June will have their stamp duty taken care of by FKP.

"Lakeside just doesn't have that industrial feel about it, it's like working in an industrial estate yet still being in a peaceful setting," Mr Khazma said.

"I have recommended to others to make the change and set up here and only last week put another business in touch with the people at FKP.

"It's hard to keep a secret like this."

FKP has more than 30 years experience in the property industry, and not only provides industrial land but also residential land and apartments, commercial office and business park development, management and ownership of retirement villages as well as funds management.
